Good afternoon,

I wanted to share this with you from County Beaches and Harbors as an example of why a beach detail (seasonal per our conversation) would be tremendously effective and appreciated by the community, etc. I will reach out to West LA Division in regards to this request as Captain Ito organized the last effort which was conducted a few days prior to Memorial Day.

Have not heard much from Captain Nieto in regards to the request which you had sent in trying to identify the need and justification of such a role for officers. This is something which our office is greatly in support of, would it be at all helpful for the councilman to write a letter of support as well?

Best,

----- Forwarded message -----

There has been an increase in the number of homeless individuals at Will Rogers, with additional threats/incidents impacting both Lifeguards and DBH personnel. Our efforts to secure LAPD engagement have been unsuccessful, so we're coming back to your good offices for assistance. Do you think you could assist in securing regular, ongoing patrolling/drive-by's of the area by LAPD black-and-whites, if only to keep the aggression of the individuals in check?

Thanks for whatever you can do. And, let us know if there's something you need from us!

P.S. I understand from Chief Linkletter that the hillside was cleaned up.
It's perhaps those folks who have migrated to the beach...

Kerry Silverstrom, Chief Deputy Director

Executive Division

County of Los Angeles

Department of Beaches and Harbors
